

HERMAN SCHEELE

Student at University of Oslo

The Faculty of Mathematics & Natural Sciences

CONTACT

+47 951 45 303

herman.scheele00@gmail.com

Heggelibakken 67 0374, Oslo

LANGUAGE

Engelsk – Native

Norsk – Native

SKILLS

Machine Learning & Data Analysis

(Python – NumPy, PyTorch, TensorFlow, Scikitlearn, OpenCV, R)

Java, C++ (Application building, parallel programming, physics modeling)

Excellent Communications and cooperation skills

Ability to engage others and create an exciting working environment

Analytical and excellent comprehension for complex problems

INTERESTS

Gen-AI, Machine learning, electronics, hackathons at university clubs, quiz with friends, space-technology, startups, books about philosophy, sci-fi, history, previous basketball player for 10 years.

PROFILE

Ambitious student in mathematics & computer science with a deep interest in technology, artificial intelligence, innovation, and personal development. By combining analytical skills with creative thinking, I strive to find solutions to complex problems. I seek opportunities where I can contribute to projects that drive future innovation and deliver excellent results.

EDUCATION

Bachelor of Science: Mathematics & Computer Science

University of Oslo – Study field: Computational Science. 2. year

Courses fall 2024: Applied machine learning and data analysis, Introduction to Quantum Technologies, Mechanics

Going to University of California – Berkeley for the 2025 spring semester

WORK EXPERIENCE

Summer Intern, Startuplab, Oslo, May – August 2023

- Startuplab is an incubator and early-stage investor for Norway's most ambitious technology startups located at the Oslo Science Park.
- Programming project to automate the time-consuming scouting process for new startups in Norway.
- Developed a web-scraping tool for the Startuplab Investments team.
- Completed an analysis and report of the efficiency of sales outsourcing services utilized by Startuplab members based on interviews with many tech startup founders.
- Reference: Ronny Liverød – STARTUPLAB, Head of Construction

Phone: +47 481 32 299 Email: ronny@startuplab.no

Facility Manager, Toma Eiendomsdrift, Oslo, June – August 2022

- Responsible for the operation and maintenance of 5 elementary and middle schools throughout the summer season.
